OBJECTIVE

Seeking an opportunity in software development where I can apply my full-stack programming skills, contribute to collaborative projects, and further develop innovative solutions that enhance user experience and system efficiency.

Eager to join a forward-thinking tech team where I can apply my growing expertise in AT, data analysis, and secure computing environments, while continuously learning and contributing to meaningful innovations.

LEADERSHIP

Class Representative

Represented class in collaborative forums and led peer engagement initiatives. Fostered teamwork and managed academic performance feedback channels.

Class Leader

- Coordinated classroom activities and provided student mentorship.
- Promoted inclusivity and conflict resolution among peers.

SKILLS & ABILITIES

Languages & Frameworks

Python, C++, Javascript, PHP, Java, Node.js, React, .NET Framework

Web Development

HTML, CSS, Javascript (React, Vuejs), Responsive UI/UX Design

Database Management

SQL (MySQL, Postg, SQL, SQL Server), NoSQL (MongoDB, Firebase)

Version Control & Collaboration

Git, Github

Graphic Design

Adobe Photoshop, Illustrator, Figma (UI/UX Design & Prototyping)

Others

Market Research, Documentation, Cybersecurity Awareness, AI Tools

EDUCATION

Bachelor of Science in Applied Computing

KCA University

2021 – 2025 | Nairobi, Kenya

- Key Areas: Software Development, AI & Machine Learning, Cybersecurity, Data Analysis

Kenya Certificate of Secondary Education (KCSE)

Musingu High School

2017 – 2021

Kenya Certificate of Primary Education (KCPE)

Shinoyi Primary School

2009 – 2016

PROFESSIONAL TRAINING AND SKILLS

Software Engineering Student

Power Learn Project (PLP)

07/2025 – Graduated 12/2025

- Enrolled in a rigorous software engineering track focused on full-stack development, APIs, and deployment.

Software Development Intern

KMTC Murang'a Campus

05/2024 – 08/2024

- Assisted in maintaining internal systems, data entry, and automation tasks.
- Collaborated on database design and information retrieval using SQL. Supported digital documentation and user training.

AI Career Essentials Trainee

ALX Africa (Global)

03/2024 – 05/2024

- Gained foundational skills in prompt engineering, data ethics, and AI productivity tools.
- Applied generative AI models in several real-world case studies.

Cybersecurity Awareness Program

KENET (Kenya Education Network)

09/2022 – 11/2022

- Trained in online safety, system vulnerability detection, and basic security compliance.
- Participated in simulated threat response drills.

COMMUNICATION

- Strong written and verbal communication skills, effective at collaborating within cross-functional teams, and experience with client presentations and feedback sessions.
